

Message for U.S. Citizens: Consular Services in Kota Kinabalu By Appointment,
October 15

A Representative from the United States Embassy in Kuala Lumpur will visit Kota Kinabalu on Wednesday morning, October 15 to conduct limited consular services. U.S. citizens can also meet with the representative to ask questions on any consular issues.

The representative will take applications for U.S. passports renewals and prepare notariats. Appointments are required for all services. Please e-mail klacs@state.gov as soon as possible to schedule your appointment. We will provide information on venue and required fees for each service when we confirm appointment scheduling.

Please refer to our website (<http://malaysia.usembassy.gov>) for details related to the service you need -- including required forms, fees and supporting documents -- and make sure you have everything ready. You will need to bring your own photocopies of original documents (birth certificate or U.S. passport) and exact change in cash for any associated fees.

Please help us spread the word. Share this message with your friends.
